TIMESPAN

Time has no beginning and no end;
the events and highlights which happen
in our lifetime can only be remembered
or hoped for.
In this yearbook we tried to permanently
capture our years at Umana forever aware
of how we have been shaped by our
past and how we will determine
our future—.

DEDICATION

Dear Fellow Americans,

We the Senior Class of the Mario Umana Harbor School of Science and Technology, would like to join the rest of the country in showing our love and concern for you our fellow Americans. As a unit we voted unaminously to make you our 1981 yearbook dedication. When you were first captured we along with the rest of the country were both saddened and angered. But, when word of your release came we were equally esthatic and relieved. We are just happy to know you are all back and safely reunited with your loved ones..... free at last!

Thank you for making us so proud to be your fellow Americans. The best always to you and yours.

Sincerely yours,

The Senior Class of 1981

MESSAGE TO THE SENIOR CLASS

To the graduating seniors of the Mario Umana High School of Science and Technology, I take this oppurtunity to express my deep-felt gratitude for the sense of responsibility, brotherhood and academic commitment exhibited by your class. Your sense of responsibility was essential to maintaining our school spirit and safety. Your brotherhood was necessary to sustain new human relationships and academic commitment was vital to preparing you for the future tasks facing our nation.

As Headmaster, I have watched this class face many obstacles successfully and I am encouraged by your determination to grasp science, math, the humanities and technological offerings we provided with enthusiasm. As a team, teachers and students, together we have scored solidly in our goal of preparing you, the leadership of tomorrow.

Tomorrow's technology will require the skills we have developed today, so with Godspeed face the future with health, liberty, and the pursuit of happiness.

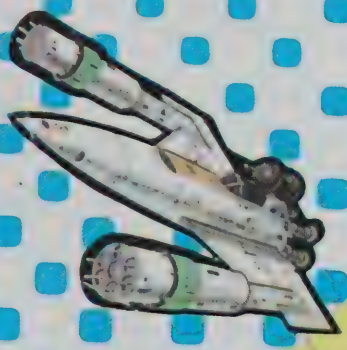
SENIORS



The Senior

Class Log: 1981 Umana Seniors

STAR DATES: 1976-1981

The following is a report of the voyage of the Senior class of Umana Tech. It's 5 year mission, has been to explore new fields, to seek out new friends and new cultures, to boldly learn what no class has learned before . . . . .

STAR DATE: 1976-77 school year

School opens . . . we enter as 8th graders and are the youngest here . . . . athletic building still under construction . . . . gym class in the auditorium . . . . no walls between classes . . . we fight for graduation from grade 8 to high school, we lose . . . . sports teams saw few victories . . . . awards day the beginning of an annual event . . . . cold lunches receive poor reviews . . . . . .

STAR DATE: 1977-78 school year

We enter into the world of high school as freshmen . . . . responsibility, choices, young adults . . . transfers present new faces in the crowd . . . . exploratory class which consists of a term of each tech area . . . . choose between Jr. R.O.T.C. and History . . . . walls are now being built to separate classrooms . . . . the beginning of 2 annual events; R.O.T.C. Military Ball and the International Festival . . . . gym and pool are in use . . . . still few victories in sports . . . . heat wave, classes went outside . . . no change in lunches . . . . . .

STAR DATE: 1978-79 school year

Now we are Sophomores . . . . school is very hot . . . . field trips to the airport and Harvard . . . . the football team won a game . . . sports improved with Girl's Varsity Track becoming District and City Champs, Girl's Basketball and Boy's Hockey both qualify for the State Tournament . . . . *"the great food fight"* . . . . the Sophomore Social, what a party . . . . chose a tech area . . . make new friends . . . . a start for more annual events including a pep rally, the Ist and last Miss Umana, R.O.T.C. Awards Banquet and the Valentine's Day Dance . . . . we get hot lunches . . .

STAR DATE: 1979-80

Our Junior year begins . . . . the tall ships enter Boston . . . . trip to Thompsons Island to meet sailors from the tall ships. . . . stink bombs, very popular . . . . Anthony Mattaliano gets his wings . . . . attendance now being done by computers . . . . The Junior Prom . . . no pep rally . . . . go to the theater to see the Taming of the Shrew . . . . Girl's Track again City Champs . . . . Girl's Softball qualify for the State Tournament . . . . improvement in all sports . . . . Ist annual Carnation Day . . . . we still get hot lunches however the taste is nothing to be desired . . .

STAR DATE: 1980-81 school year

Finally we become Seniors . . . . so much to do . . . . Ist Senior Art class . . . . Ist Yearbook class . . . . the school gets a store . . . . start thinking about the future, college, work, military . . . . BUS STRIKE . . . . very cold year . . . . class trips, cruise, skiing . . . . Football team becomes Division Champs. . . . Fall pep rally . . . Winter pep rally . . . . flexible campus-work . . . . college courses . . . . financial aid . . . forms and applications . . . . deadlines . . . . cutting class . . . . this is our year . . . . class rank. . . . we are all good friends . . . . Girl's Basketball Tournament qualifiers . . . . spending money left and right . . . Senior Prom . . . . class day . . . . Senior Hook Day . . . . . Projections for the future . . . . spring sports look good . . . . Graduation and the parties to go with it . . . . good luck . . . the best thing about leaving is we don't have to eat those lunches any more . . .

ENVIRONMENTAL SCIENCE

Ten years ago the words "environment", "pollution ", "recycle", "ecosystem" and "ecology" were merely vocobulary words in a general science or biology course in most American high schools. In 1981 students at the Mario Umana Harbor School of Science and Technology are able to study and participate in a thorough curriculum of Environmental Science.

After grade nine exploratory, if a student chooses Environmental Science as a course of study he will participate in projects and activities which will make it quite clear that our area is afflicted with great amounts of air, water, noise, and solid waste pollution.

During the current school year grade ten students have analyzed the water in Boston Harbor for dissolved gases and pollutants.

Grade eleven students have studied particuliar problems in soil analysis, including PH of soil and specific nutrients found in the soil.

Grade twelve students have studied the economic impact pollution has on our society and specifically how the ultimate solution to the pollution problem in Boston Harbor will enhance their opportunities to enter the job market in areas associated with the enviroment.

MEDICAL TECHNOLOGY

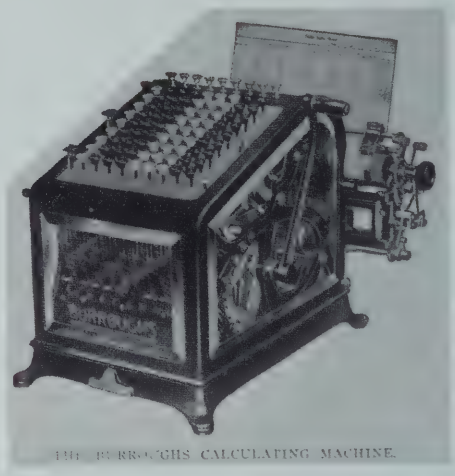
The most important aspect of the Medical Technology program at Umana High must be career education so that the student develops an awareness of the vast number of occupations in the medical field.

The goal of the Medical Technology program is to give the student basic principles, procedures and techniques that apply to laboratory works such as Hematology, Microbiology and Clinical Chemistry. In this course, the student should gain basic knowledge and instructions to be able to perform accurately and conscientiously the laboratory tests done in clinical laboratories.

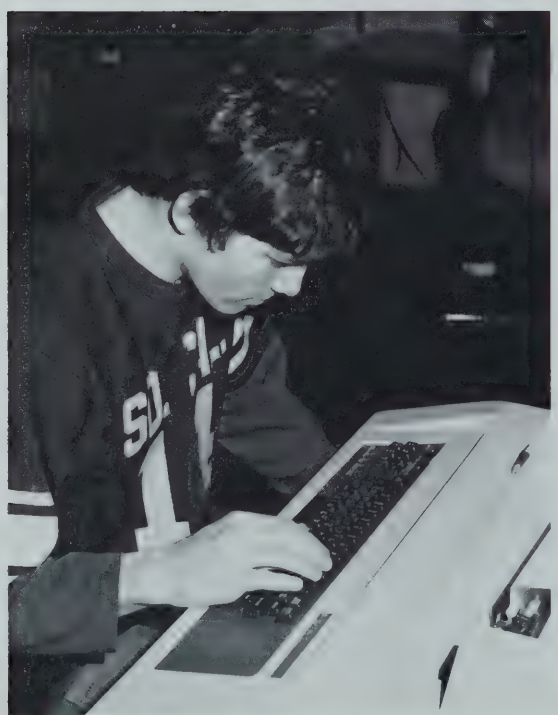
COMPUTER TECHNOLOGY

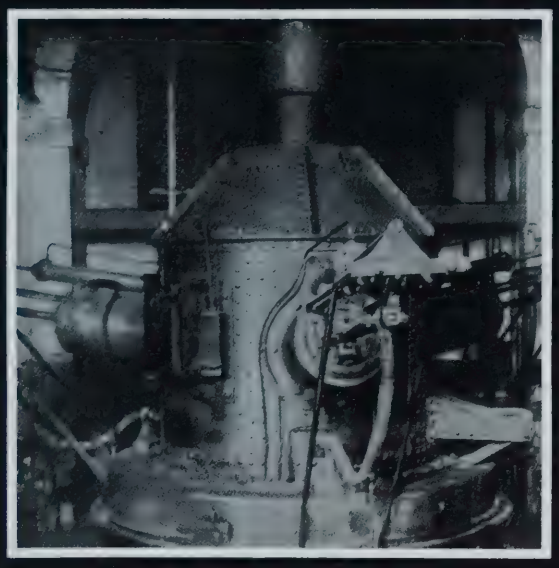
From the early days of counting on one's hand, to the abacus, adding machines and modern math numbers have played an important role in society.

The Computer Tech department introduces 9th graders to the world of data processing and computer science and provides instruction in problem solving and programming (BASIC- PLUS and FORTRAN) for Grades 10-12. MULTICS at M.I.T. connected by phone lines, provided computing time until our own POP11/34 arrived in March, 1978. We now have 16 terminals and a lineprinter, plus a card reader used for daily attendance, and a micro-computer. We also encourage non-computer teachers to use the lab with their classes.



THE BURROUGHS CALCULATING MACHINE.





ELECTRONICS

From the early days of Benjamin Franklin one would never have imagined the development of an Electronics program at the Umana.

Students begin in exploratory electronics, and upon selecting it as their tech area go on to more difficult projects and principles.

The students at Umana begin by learning how to read meters and studing Ohm's law. As the students became more advance they begin to do project such as building radios and battery chargers. In the senior year, some student were capable to do things such advance work as fixing radios, televisions, and stereos.

AVIATION

The aviation cirriculum at the Umana offers a unique program for its students. Classes in this tech area include instruction on flight simulators and lessons on navigation, and aviation history and careers. Upper class students have the opportunity to take an orientation flight in a Cessna, as well as visit Massport and the Smithsonian Museum in Washington. The highlight of the aviation program to date is the earning of a private pilot's liscense by Senior Anthony Mattaliano. Umana owes a great deal to the efforts of Wilbur and Orville Wright!

DIVISION Football CHAMPS!

Umana Technical's football team finished the year on a highly successful note with a 7-2 record and the title of District Champs.

Seniors that will be missed next year are: Capt. Miguel Marinez the top scorer in the city with 102 points, Capt. John Lewis the hard running fullback, Capt. Steve Mack for outstanding leadership, Eric Francis with 6 touchdown passes, Scott Davidson excellent two way guard, and Edsel Neal who always gave 100% in effort.

Reserve seniors Quinton Hicks linebacker, Todd Herron halfback and Xavier Taylor halfback, will also be missed.

This football team was the best team the Umana Eagles have ever fielded in the short history of Umana sports. It was a pleasure working with these fine young gentlemen.

The 1980 fall cheerleading squad brought a special excitement to Umana sports under the direction of senior capts. Chriss Early and Laura Richards and Coach Bonnie Levine. The Fall season was distinctive in its many "firsts", Regal the Eagle created by Sr. David Iannone, the practice of dress-in uniform the day of a game, cheering for volleyball and soccer games, and the performing of an original pom-pom dance routine.

The Umana cheerleading squad of 18 was the largest group in the city, and more significantly considered by coaches and spectators alike as its finest squad. Leaving the team at the end of the season are seniors Dianne Newayno, juniors Maura Griffin and Michelle Musculus, freshman Maggie Casseus, and Michele Dillion (Regal), as well as both captains Chriss Early and Laura Richards. The 1980 fall cheerleaders were truly "Umana's Pride!"

This was truly the Umana Soccer Teams best year ever. They gave both Hyde Park and Dorchester a tough fight in the race for the State Tournament . . . but a tie with Dorchester crushed their hopes.

It was the talents of D. Delaney, J. Brutus, J. Prevost and J. Fitzgerald that made this year's team tough.

Others like G. Davis, W. Lopez, S. McClarren and R. Sanfillipo contributed greatly in this year's winning season.

The 1980-81 season ended with an outstanding 9 win - 4 loss - 1 tie record.

Only 4 members graduate this year, so more of the same magic is expected next season.

"Let's do the Charleston!"

The Umana Girls Varsity Swim Team had its finest season ever, as it swam to a 2nd place finish in the league standings, with a 10 win-1 loss record. Unfortunately, our only loss was to Boston Latin, whose team consisted of 65 girls compared to 12 girls on the Umana Team. If we can get more of the talented Umana girls to swim next year, we should be undefeated.

At the end of each season, there is a city wide championship for all the teams in the league. This year the Umana girls did very well by placing and winning 17 medals and 3rd in the overall competition. Two first place medals went to Regina Fonseca in diving and Sandra McGill in the 100 yard back stroke. Others winning medals were: Jane Coppola, Monette Craig, Tonya Schmitt, Carmen Figieroa, and Dawn Drumming.

Co-captains this year were Senior Carmen Figieroa and Junior Tonya Schmitt. Donna Tambascio, who was the team manager, did another fine job this season.

It was a good season with a respectable finish of 8 wins and 8 losses. Senior Robin Jones was selected to the city of Boston Division I All-Scholastic team and also was the Most outstanding Player of the season. Junior co capt. Janet Chin, showing her poise as both a setter and spiker, gained the honor of most valuable player. Rounding out the starting six were: Sr. co-capt. Maria Cavaleri, Jrs. "Never give up always give 100%", was the teams motto. However 100% was not enough in the powerful city leagues. Our biggest weakness was height, because of this Umana was unable to capitallize on other teams mistakes. Our teams strength was our speed and fast-break. This enabled us to complete effectively with most of the teams in our league.

The high point in our season was an overtime win against rival East Boston, unfortunately our overtime effort against Roxbury proved less effective.

Graduating seniors from the team are M. Marinez, L. Larry, P. MacGregor, G. Gleaves, V. Jette, S. Jaundoo, F. Walters and D. Tyler.

Co-capt D. Redmond, Coach Wrona, Co-capt J. Gobbi.

The Girl's Varsity Basketball Team of 1980-1981 had it's finest season ever. The team finished second in Boston Division II with an 11 win and 3 loss record and qualified for the Massachusetts State Tournament for the second time in only four varsity seasons.

It was a combination of teamwork, skill, poise, experience, hardwork, and determination that carried the team through some difficult wins and some even more difficult losses on the road to post season competition. As league runner-ups the team earned a birth in the first Girls' City Championship but lost to Division I Champ Madison Park (48-38) in semi-final play.

Next it was on to the State Tournament for the Umana Girls. Umana was defeated by Georgetown in Division III North quarterfinal play to bring a good season to an end.

The Most Outstanding Player of the season was Junior point guard Cleo Seay who ran the Umana offense, averaged 17.6 points, 12 assists, and 4 steals a game. Offensive and defensive standout, Senior Forward and Co-capt., Jolene Gobbi was selected as the Most Valuable Player, averaging 11.4 points a game. Both Cleo and Jolene were also selected to the City of Boston Division II All-Scholastic Team. Rounding out the starting five were Senior forward and co-capt. Daphne Redmond; Senior center Maria Cavaleri; and Junior guard Janet Chin.

The 1980-81 Indoor Track Season was very successful in terms of individual performances. Throughout the season each team member worked hard for self improvement. Despite the overall win-loss column the Umana Track team finished a respectable 5th place in City Championship.

Noteworthy performances were turned in by Co-capt. Eric Francis, Kurt Barnes, David Blades, Troy Hollum, Lisa Grey and Co-capt. Sandra Jackson.

The young energetic Umana Bowling teams made a splendid show during the Bowling Tournaments in March. The team is made up of mostly freshmen and sophomores, who will surely be future championship bowlers. The only senior Jolene Gobbi was a great asset to the girls team with a 95 average. In the final standings both the boys and girls teams came in fourth place in a field of sixteen. This is an indication that in future years Umana will be coming home with quite a few trophies.

GIRLS BOWLING

Hockey

The Umana Eagles skated hard and never stopped working throughout this season of near misses. Their aggressive, hardhitting style helped fashion wins over Copley High and West Roxbury High. They also managed ties against Latin Academy and West Roxbury. Even in defeat, the Eagles never stopped trying. They played well, but fell a little short. Typical of the frustrating nature of their defeats was a second loss to Latin Academy on a disputed goal. They finished with a two win, nine loss, two tie record. Seven of these losses were by three goals or less.

Coach Mr. Kadish

Many people contributed to this hard-working sextet which never gave up. Goaltender Joe Finnigan thwarted most opponent scoring drives; All-Star Defenseman Jack Leffel and Anthony Mattaliano dished out many a bruising check to opposing forawards; veteran forwards Keith Bean, Ken Flagg, and All-Star Center Mike Tevenan played as solid two-way hockey as anyone in the league; young wingers Joe Beal, Mike Bean, and Rich Sanfilippo improved with each game; and reserves Onafrio "Nuch" Minafo, Billy Quinn, Dave Timony, Joel Demas, and Mike Miller pitched in when called upon.

Boys Swimming

The Umana Sea Eagles closed out its most successful and first winning season in the five year history of swimming at our school. Sporting impressive wins over W. Roxbury, E. Boston, Latin Academy, Madison Park, and S. Boston. The Umana tankers reversed their Boston League dual meet record of one year ago to 5-3, with losses to perennial champion Boston Latin, runner-up English, and Boston Tech. In addition, Umana was 1-1 in non-league contests with Cambridge Rindge and Latin, and Newton South.

MVP Scott Koval was virtually unbeatable in his events (200 and 100 free); Frank Mclain was a steady winner in the 500 free; and our biggest surprise swimmer turned out to be Mark Blair in the 100 back, who went undefeated until the last dual meet of the season. Our record-setting 400-free relay team of Koval, McLain, Rocco Ingemi, and Tod Herron were undefeated during the dual meet season. Our new diver, JaVonne Holmes, also scored some impressive victories.

Next year, with the addition of two sensational swimmers to our growing roster of quality swimmers, Umana should be a contender for first place honors.

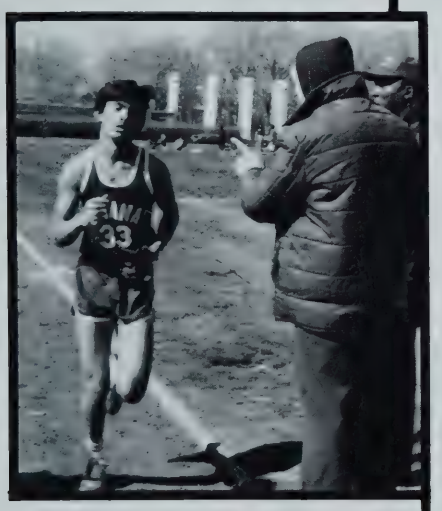
The *Boys* outdoor track team showed much improvement this season. The team worked hard and was very conscious of the "win factor". The squad had great self-esteem and pride in itself as well as the school.

Our numbers were small but our impact was great. With a 6 win, 2 loss record we placed 2nd in Boston Division I. The boys picked up a number of medals: 2 at the Catholic Memorial Invitational, 7 at the All-City Meet, and 5 at the State Trials. Entered in the State All-Class Finals are Kurt Barnes (440) and our 440 Relay Team.

Our Senior Co-Captains Eric Francis and Tyrone "Hitman" Tillman will be greatly missed.

"It's all in the wrist"



"Thank god only one more lap!"

The *Girls* track season provided a number of unique experiences for the team. The emphasis was on understanding the sport while still having fun.

Our record for this season was 3 wins and 4 losses, with a close defeat by Brighton High. Thanks to the "SuperJocks" on the team, "B", "W", and "C", who helped our record a great deal.

The squad will return strong next year uneffected by graduation.

BASEBALL

The Umana baseball team finished its fourth year of varsity competition with a record of five wins and seven losses.

The team was led by Tri-Captains Miquel Marinez, Eric Morash, and Edsel Neal. Coach Rooney described this year's team as a rebuilding squad having lost its entire pitching staff due to graduation last year. However, freshman Al Siciliano showed alot of promise and poise as he was the winning pitcher in the Eagles five wins. Miguel Marinez was selected as the Most Outstanding Player as the centerfielder batted .416 for the year and led the team in hitting, walks, stolen bases and runs scored.

Al Siciliano was voted the Most Valuable Player as his excellent control and sneaky curveball drew praise from many coaches in the league.

Strong performances were also turned in by catcher Jack Leffel who hit .342 for the year and by first baseman Edsel Neal who led the team in R.B.I.'s. Edsel also will be attending the University of New Haven in the fall where he will be playing both football and baseball. A finer person the team will not have on their squad.

Returning letterman for next season include Ken Flagg, Jack Leffel, Al Siciliano, Eric Morash, Michael Tevenan, Richard Maramaldi, Richard Sanfilippo, and David Timony.

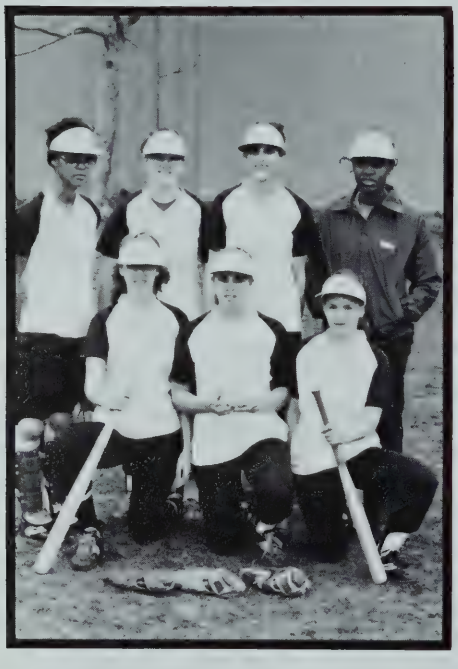
(Top row): Coach Mrs. Delorie, D. Redmond, T. Reid, J. Chin, F. Andruszkiewicz, S. Jackson, D. Godfrey, M. Cavaleri, L. Richards, D. Newayno, J. Gobbi, (sitting): S. Bossy, L. Freeman, C. Dunn, S. Fernandez, C. Seay, C. Early, M. Dillion.

"Coaches consult on the line up!"



Seniors: S. Fernandez, M. Cavaleri, J. Gobbi, D. Redmond, D. Newayno, L. Richards, C. Early.

The Girls' Softball Team is off to perhaps its best season in history. The Eaglettes have won their first eleven games, are in first place, and have qualified for the State Tournament.

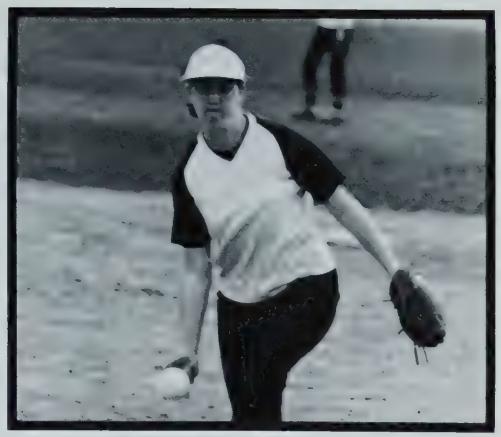
The team has a strong nucleus of 7 senior players who have provided the calmness and maturity so necessary in close ball games. The squad is well known for its comeback victories!

For next year the team sports a fine crop of underclassmen to continue the Umana winning tradition.

"Susan cheers her team on!"

"Foul Tip!"

"Sonya watches for the steal!"

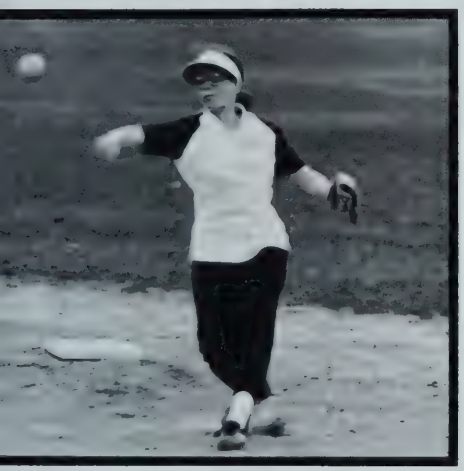


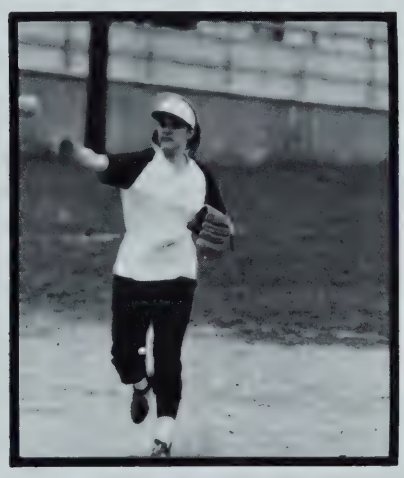
"Strike 3!"

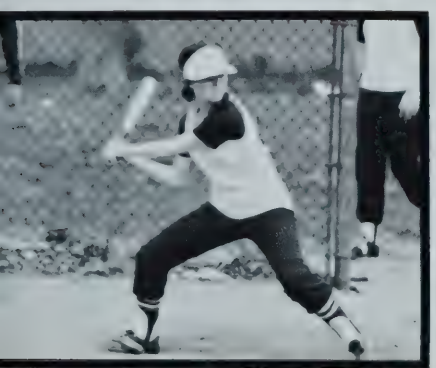
"Chriss relays the throw!"

"Easy Out!"

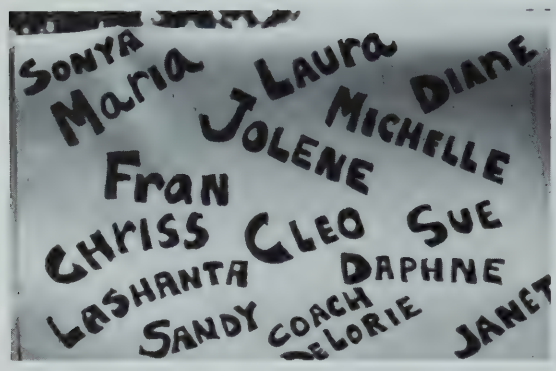
"SAFE!"







TOURNAMENT



"Umana's Pride"

The Girls' Softball Team ended its season with a tournament game loss to powerful Ipswich High School. Senior pitcher Maria Cavaleri was selected the team's Most Valuable Player, and Freshman Frances Andruszkiewicz was chosen the Most Improved Player. The team was later honored by the East Boston Athletic Association with a trophy in recognition for its outstanding team record.

The Student Council 1980-1981 successfully sponsered student activities such as the showing of three films for the whole student body, an assembly for 7th and 8th graders and a turkey raffle. Their other activities include opening and maintaining the school's bookstore as well as filming "news in action" on videotape through the SIP grant.

The money raised through all of these activities was used to purchase a mirrored trophy case which was donated to our school as well as for trophies, certificates and pins awarded to the active officers and members, and paying for all expenses of delegates to the Student Council Annual Conference in Hyannis.

The Student Council wishes to offer its congratulations to the Class of 1981!

INTERNATIONAL FESTIVAL

On May 27th the Umana celebrated its Fifth International festival through the efforts of the Art and Home Economics departments. This festival was unique as it was held without the aid of any grant funds. Although smaller in size, this festival was "big" in spirit!

CLASS DAY

Eddie Offutt, alias "Superman"!

"There's got to be a better way to travel!"

The Class of 81 sticks together!

"Discussing what to have for lunch!"

"Keeping our chins up!"

Chuck knows the food's ready!

Umana Seniors had an exciting Class Day on May 15th when they traveled to Rocky Woods Reservation in Medfield Ma. Students left for the outing via bus from Umana, and soon got to enjoy a hearty meal of hotdogs, hamburgers and all the trimmings! Some of the many activities included in the fun were wheelbarrel and three-legged races, softball, football, and swimming. A great time was had by all!
